*Enc. let no 1 -
Pohar 16-11*

We much regret that owing to having mislaid Messrs
Cogswell and Harrison's price list, we were unable to write
earlier with reference to the guns, you require for the Mysore
Forest Department. This has since been recovered, and we now
have much pleasure in stating that we could supply direct from
the makers 10 " Armus" D.B. top lever, triple grip, bar-lock
12 bore guns, together with a set of cleaning and loading imple-
ments, for Rs 140/- inclusive of all charges. The pattern we
propose supplying is a well made weapon, the action being ~~sitting~~
fitted with a cross-bolt (triple grip) in addition to ~~all an~~
under bolt with two grips. The barrels are of hard steel
guaranteed to wear, the left being full choke for long range
shooting, whilst the right is cylinder so as to obtain a broad
killing surface at close distances. The fore part has a spring
catch fastener. The top rib may be ^{engined} ~~entire~~ turned or not as
desired. The stock may be straight handled or pistol grip,
whichever you prefer. The guns will be nitro-proof. This
cannot be too strongly recommended where smokeless powder is ~~60~~
used. The set of loading and cleaning implements will com-
prise the following.

Centre jointed wood rod, with jag, mop, and wire brush.
Pull through cleaner in pouch.

Oil bottle.
Turn Screw.
Nipple key.
Extractor.

Turnover, recapper powder and shot measure, with
rammel ~~handle~~ and powder funnel.

With reference to the Conservator of Forests enquiry
as to what advantages would be derived by purchasing the guns
through us, we beg to say that, firstly they will come out

promptly in about or under three months time; whereas if they are obtained through the Government of India, you cannot reckon on receiving them before 8 or 12 months. As regards the license for importing these guns into the Mysore State we think it would be advisable strictly from the First Assistant Resident whether this particular license will exempt the Government from the charge of Rs 50/- per gun which is the deposit required, and which is redeemable only on the production of a sales certificate in British India. On weapons imported into a Native State, this amount is not redeemable, but a special dispensation can be obtained by Government to be exempted from this deposit, and it would be as well to know whether the license granted will exempt Government from this. The import duty of 10% ^{would}, we believe, in any case have to be paid whether the arms are imported through the Government of India or otherwise. It is the question of forfeiture of the deposit of Rs 50/- per gun, which it is important to have a ruling on before the order is placed. In the license we think, it would be better to show the name of the Conservator of Forests as being the licensee in column 1, and also the Conservator should represent the consignee in the last column as we stand merely as intermediaries and not the actual importers.

We understand that the 1st Assistant Resident is away from the station, but directly he returns, ^{or} ~~over~~ Mr. Barton will call upon him and discuss the question with him. We beg to return the copy of letter No. 2928 dated the 19th April from the Secretary to Government of His Highness the Maharaja of Mysore, and also the Conservator's note on it No. 9772, dated the 25/26th April 1911 with the license.

Copy of letter, dated the 10th June 1912, from Messrs. Barton Son and Co., Bangalore to the Officer in charge of Game Preserves in Mysore.
